ACFF COMMUNITY GRANTS

INTRODUCTION

The ACFF is pleased to be able to offer a number of grants to help fund selected community projects. Over a period of five years, ACFF is offering a total of \$50,000 per year to fund projects that will have positive impacts on dental caries experience in communities. These grants are proudly supported by Colgate.

THE GRANTS

The Committee will award grants ranging from \$2,000 to \$20,000 to selected projects each year from 2014 to 2019. The committee only grants a total of \$50,000 each year across all projects.

HOW TO APPLY

To apply for funding, applicants must complete an application form. These can be obtained by emailing susan_cartwright@colpal.com. Applications will open on 1st October each year and will remain open for four weeks, closing 1st November.

ASSESSMENT AND JUDGING CRITERIA

The following criteria will be employed to assess project suitability:

- Applicants and proposed projects meet the eligibility criteria
- A comprehensive budget projection is made
- Clear and appropriate aims and objectives are articulated
- Clear and appropriate methodology is set out
- A realistic timeline is in place
- An effective method for evaluation of the project is explained
- Capacity for sustainability is demonstrated
- The significance of the project is high
- Levels of evidence to support the approach are provided
- Expected results of the project are outlined
- Project applicants have appropriate experience and qualifications
